WINTER PREPAREDNESS

2026–27

READINESS • RESTORATION • CONSUMER SAFETY

A practical reference for winter power-supply preparedness across the Kashmir Division

About KPDCL

The Kashmir Power Distribution Corporation Limited (KPDCL) caters to approximately 13.53 lakh consumers across various consumer categories in the Kashmir Division.

This handbook is a quick-reference guide to KPDCL's Winter 2026 - 27 preparedness plans, buffer stocks of power and distribution transformers, Swift Restoration Teams, consumer grievance redressal channels, helpline numbers and electrical safety advisories.

KPDCL manages an extensive electricity distribution network comprising receiving stations, power transformers, distribution transformers, HT/LT lines and allied infrastructure serving consumers across the Kashmir Division.

2. Internal Grievance Redressal Forum (IGRF) at Sub Division / Division / Circle / Chief Office level
3. Electricity Ombudsman

Action plan for preparedness

01	Regular shutdowns of 33 kV, 11 kV and LT lines are being availed to clear line corridors through branch cutting.
02	Review of overloaded distribution transformers prone to repetitive damage, with augmentation/additional creation being undertaken.
03	Renovation and Modernization of Distribution Transformers and Receiving Stations.
04	Review of hotspots prone to repetitive faults, overloading and outages, with necessary rectification undertaken.
05	24×7 Customer Care Centre (1912) is working to resolve public grievances around the clock.
06	Spare conductors, distribution transformers and other material are procured and issued to Electric Divisions as per need on a regular basis.
07	Transformer oil and other spares are being provided for Power and Distribution Transformers as per requirement.
08	Repair rate of damaged Distribution Transformers at Divisional / Central Workshops is being enhanced to increase daily repair output and maintain adequate buffer stock.
09	Swift Restoration Teams (SRT) / Dedicated Teams / Control Rooms at District / Divisional levels are readied.

10	Electric Divisions and Sub-Transmission Divisions have been advised to keep adequate stock of key material near flood- and landslide-prone locations for quick response.

Public safety advisory

DO

- Report snapped conductors immediately.
- Maintain a safe distance from damaged electrical infrastructure.
- Inform the nearest KPDCL office about unsafe conditions.

DON'T

- Touch snapped wires.
- Climb electric poles.
- Attempt repairs on electrical installations.
- Approach flooded electrical installations.
